

This policy document is valid for K. Lund Offshore AS, a part of Ingersoll Rand Inc.

K. LUND Offshore has a customer-centric business model; Ability to Adapt and Change while aiming for Continuous Improvement are vital for our competitiveness, viability, and sustainability. We aim to be a responsible business actor in the local and international landscape.

To meet these standards, the company has implemented this Corporate Social Responsibility (CSR) policy. The policy is made of up of 3 elements, namely: Our Core Values and Attitude, Our Code of conducts and Our Commitment.

Message from General Manager

The Corporate Social Responsibility policy document is an important policy in our companies. Employees, customers, and other stakeholders shall be confident that we aim to have the highest standards possible when it comes to a sustainable and responsible business conduct.

It is for same reason equally important that all employees and customers adhere to the codes of conduct.

Best regards,
Arne Joa

Our Core Values and Attitude

Our Code of Conducts

Our commitment

Our commitment towards our stakeholders is characterized by honesty and fairness. In addition, to our core value and code of conducts we have implemented further actions to reiterate our commitment towards a responsible and sustainable business conduct.

Commitment towards responsible business practices	Ensuring compliance with all relevant national and international frameworks to ensure that all business activities are carried out in a fair and ethical manner.	(Learn More)
Commitment towards EHS & Sustainability	Ensuring a safe & healthy working environment with minimal effect to our immediate surroundings and overall environment.	(Learn More)
Apprenticeship program	A strong apprenticeship program that helps in mentoring and helping the next generation of Technical specialists.	

True to our Core Values, we aim to continuously improve while staying Reliable and Humble, while ensuring that we try and find Sustainable solutions in Cooperation with all our stakeholders.
